Hi Greg,

I was wondering if there is a final report or collection of data available from your work at Delfasco or other VI evaluations in Texas. I work on a variety of projects across the US and often need to supplement Texas regulation with other modeling to help my clients understand this potential concern. I am excited to see your team bringing this to Region 6. If you are ever open, perhaps we can catch a lunch to visit further on the best practices you are finding from your assessment work.

All the best, kt
